That might have been iPhone operator error on my part, but thank you for clarifying! Providing a call number for Tuesday should be sufficient. Daewon wanted to call in for the CAMU portion I know.

Thank you,
Lynn

My rough estimate is as follows.

9:00-10:00 - 2019 Project Planning
10:00-10:30 - Vapor Monitoring Plan concept
10:30 – 11:30 - AR on-site CAMU – procedure, next steps, possible tour
11:30 – 11:45 - Building 20002 reuse (possible tour)
11:45 – 12:00 - Area 40 next steps
Other

I included Building 20002 in case we do not discuss on Monday and Area 40 will just be an update discussion. I would think just having your contractors call in would be sufficient. If this is what you decide, let me know and I will add the conference call information.

Chris, could you send out a timeline for the topics below so I could have Pete join the Bldg 20002/vapor monitoring discussion and Tom join the Area 40 discussion?

Thank you,

Lynn
